As the Executive Committee originally planned the site visits, the southwest site was to have been visited Thursday and the Forest Park site Friday. The visit to the Carondelet and the northern sites occupied so large a portion of the committee's time Thursday that the visit to the southwest cite went over.

The advocates of the Forest Park site have prevailed on the Executive Committee to allow them a longer time than had at first been agreed upon. The start on the inspection of Forest Park will, accordingly, made as early Saturday afternoon possible. The Executive Committee and the members of the Board of Public Improvements will meet at the Lindell pavillon in Forest Park at 1 p. m. They will take

lunch at the cottage before starting.

The advocates of Forest Park site have planned an elaborate exposition of the qual-ifications of their site. These include a trip to the tower of the Cottage, an observation from the tower of the Lindell pavilion and a drive through the park and the adjacent territory between the city limits and the

From the towers named, the advocates of the site propose to give the committee a bird's-eye view of the park, showing the untimbered tracts which they propose shall be used for the great picture effect. The advocates also propose a trip to the elevation at the intersection of Skinker and Clayton roads, one of the high points in the city which they are putting forward as an effective spot for one of the great permanen buildings which it is thought will result from the Exposition

FURTHER HEARING MAY BE NECESSARY.

As the Executive Committee originally planned the site visits, it was thought they would take the place of a hearing on the question of sites. It was expected that the advocates of the sites would present to the committee on these visits detailed informaas to the cost of the sites. This was not done. It may be necessary to hold a hearing, public or executive, at which the site advocates may supply these data. These questions have not yet been deed by the Executive Committee. Unless from the virits one or two sites show their attractivenesss so markedly that choice will be easy, the committee may have to hear further propositions from the advocates.

New View of Shamrock II.

London, June 1.—The Field, dealing with the coming Cryde contests, says: "Comparisons in the speed of the Shamrock I and the Spharita will be extremely interesting. The absence of the new Shamrock is recretable, but the trials at Weymouth proved that there is not much difference in speed between the two Shamrocks. The challenger seems to be better in light winds, and the ex-challenger prefers a trifle more wind and sex."

#### EMPLOYMENT AGENT FINED. Charged With Victimizing Two Patrons.

J. B. Goode, who conducts an employmen agency at No. 1626 Market street, was fined \$100 in the First District Police Court yeserday on a charge of accepting \$10 from an applicant and failing to procure him a

position.

Wesley George, a waiter, living at No. 115 North Tenth street, and Charles Palmer, a cook, living at No. 700 North Third street, were the prosecuting witnesses. They alleged that they rave Goode \$10 to procure rhom places as cooks. Goode shipped them to Wetherford, Oklahoma Territory, where he told them they would be given employment. Taey testified that when they reached that point, there was nothing in sight but a water tank. They were obliged to pay their own expenses back to St. Louis. Goode said they should have walked to a railroad camp; that there was a misunderstanding. He appealed the case.

EXECUTIVE COMMITTEE TAKES A BIRD'S EYE VIEW OF THE SOUTHWEST SITE FROM KING'S HIGHWAY AND DEVONSHIRE AVENUE. The first step of yesterday's inspection of the Southwest site was to drive up a considerable ascent to high ground near King's highway and Devonshire avenue for a panoramic view of the site. The majority of the members of the committee were, three in a seat, in a big four-in-hand tallyho coach. Joseph T. Donovan, field glass in hand, acted as guide to the committee. Governor Francis is shown in the act of pointing out some object in the distance. A. L. Shapleigh stood on top of the seat to look over the head of Water Commissioner Flad in the direction in which Governor Francis points.

horse in the race. He was lest year one of the best handleap horses in the country, rating perhaps ten pounds shy of Kinley Mack. He has some great races to his credit. His races with Charentus. The Roman, imp. Intrusive and others of that set prove his class. If you are taken with class and want to put a bet on the race, lay it on the "Pink 'Un." He is the "class."

it on the "Pink 'Un." He is the "class."

Pink Coat has not had a race in him this season. His last good race was back of Charentus and Imp at Yonkers last fail, when he took up 165 pounds to Charentus's 166 and Imp's 124, and was beaten a head and length in 2:94 for the mile and a quarter. Then his races at Hariem and Hawthorne, where he ran consistently around 1:394, for the mile, and gave Mint Sauce and others weight, should win for him today. Last fall saw him run many bad races, also. However, he can turn a mile close to 1:284, with the weight he has up to-day if he is right. It is certain that if he is as

to 1.2% with the weight he has up to-day if he is right. It is certain that if he is as right as he was the da? The Roman beat him a head in the Wheeler Handicap at Washington Park, July 21 last, in 2-01%, with 117 pounds up, he will win to-day. Though Pink Coat has not had a race this season, it is certain that he is as fit as he can be without it?

season, it is certain that he is as fit as he can be without it?

Imp. Mint Sauce, next to Pink Coat, is the highest class horse in the race, past performances with weight up and over distances, taken into account. If he is as good a horse as he was last season he should come near winning. His last race, run on Tuesday, when he finished last in a field of seven, at a mile and one-sixteenth, showed that he was a bit short of work, but had all his old speed with him. On that occasion he took up 114 pounds, a stable boy, and ran the mile in 1:40%. Then he stopped to nothing. He should run a better race for the mile to-day, though he takes up two pounds more. But it is a question if he can stay the additional quarter. The race he got was an easy one, and should do him a lot of good. He has had four days to work out in.

lot of good. He has had four days to work out in.

Dissenter looks next best on class. He has been racing well. He is a big, strong horse and sound as a dollar. Dissenter's best mile at the Fair Grounds was 1:4%, with 112 pounds up, just the rame time as Mint Sauce's, and with two pounds less. This race was run on a fast track, such as it will be to-morrow. Dissenter won easily with Hottentot driving back of him. Hottentot had 139 pounds on him. To-day Dis-

The Club Members' Handicap, a stake worth \$2,000, will be run at the Fair Grounds this afternoon. For it a capital field of ten horses, seven of them of high class, have entered.

Pink Coat is, of course, the highest class horse in the race. He was lest year one of the best handicap horses in the country, rating perhaps ten pounds shy of Kinley Mack. He has some enter trees to his.

Go around it as you will, dwell on class, give Fink Coat. Mint Sauce, Hottentot and Dissenter all that is coming to them on class, and the old dog. Hottentot, figures a bit above either on performance. You cannot get away from him, try as you may. Dissenter holds Chappaque, safe on what they have shown. Wall has been running fust at the end of distances, and is in light. He will make trouble. Yet, on their race of May 28, Hottentot holds Wall safe.
Callear has shown speed for a bit and then stopped. He does not seem near condition for such a race, though Mr. Goldblatt will have L. Jackson over from Clackmati especially to ride him. Van Hoorebeke may make it his day, but he is an in-

blatt will have L Jackson over from Cincinnati especially to ride him. Van Hoorebeke may make it his day, but he is an inand-outer of all in-and-outers. He should be last. He may be first. Blink is a good horse, especially in the mud, but he has not shown a race to show he has a chance. He has not shown a better mile than 1:42 with the weight up he carries to-day.

Pink Coat is the class. Hottentot has the figures. Dissenter has the chance. Mint Sauce also has a chance.

Doctor Holtgrewe is lucky in Club Members' handicaps. He won last year with an outsider. Pinochle, who had light weight up. He may be lucky again with Hotteniot this year. Anyhow, you cannot figure this "crab" out of it, though Pink Coat, Mint Sauce and Dissenter are the swell things. And if by any chance it should be muddy, do not overlook Hottentot.

Ampere, Abe Cahn's candidate for the Club Members' Handicap, split a hoof in his last race, and will not be in condition to start this afternoon. It is likely that he will be thrown out for some time. As he is entered in the American Derby at Chicago, the misfortune is a great disappointment to his owner. It will be remembered that Ampere stopped at the head of the stretch in his last race while running with his mouth wide open and apparently a winner. It was at this point of the struggle that Ampere split his hoof, which explains his running in that race. He figured as a contender at that time, and it was thought after the race that he could not go a route, but he has yet to prove that he cannot. You may hear talk of Clifford's Club Members' and Yo Tembien's glory. But a better field never faced the starter in that event than will come up to-day. If the track is fast, it is a good bet that the winner will run under 2:0f, which is a second faster than the time in which Yo Tambien beat Ray S. And it would not surprise any one to see Clifford's 2:36 equaled.

VASSAR'S ATHLETIC GIRLS. iew Records Established at Annual

Pield Meet.

Poughkeepsie, N. Y., May 31.—The athletic contests at Vassar College for this year were concluded this afternoon and four new records were established.

The events in which the old records were broken were the 29-yard run, running high jump, running broad jump and 300-yard relay race. All together twelve events have been contested, and a review of the results show that the points are to be apportioned as follows: Seniors, 33; juniors, 25; sophomores, 29; freshmen, 16. This, according to Vassar's custom, makes the class of 1901 the champions for the year.

The 29-yard run was won by Anna S. Wood, 1907, Fort Richmond; time, 31 1-5 seconds.

Best previous Vassar record, 32 4-5 seconds.

Putting the shot, won by Celia A. Spier, 1968, Providence, R. L., 24 feet 2 inches.

Running high jump, won by Dora E. Merrill, 1962, Brooklyn; 4 feet 3, inches. Best previous Vassar record, 4 feet 15, inch. Running broad jump, won by Mary E. Gardner, 1994, Chicago; 13 feet 7½ inches. Best previous record for Vassar, 13 feet 3 inches.

After this event Miss Gardner made an exhibition jump of 14 feet 3½ inches.

Three hundred yard relay race, won by seniors' team in 421-5 seconds. Best previous record, 45 seconds.

SPANIARD LOSES THE MATCH.

Morningstav, Billiardist, Froves an Easy Winner.

New York, May 31.—Morning Star continued to win from his Spanish opponent, Ortiz, this evening, running out his string of 300, when Ortiz was at 25.

This was the last game of the present series. Under the conditions, the winner was to win three out of five games. Morning Star's total number of 1,500 points were made in 144 innings, his grand average being 10 60-44. His best single average was 12 6-14, and his highest run 52. Ortiz made a total score of 1,502 for a grand average of 7 6-141. His highest run was 63.

ST. LOUIS U. AND C. B. C. SERIES.

First Game for the Championship to Be Played To-Day.

St. Louis University and the Christian Brothers' College have finally come to def-intie terms over the postponed ball game

and the teams will play a series of three games for the championship. The first game of the series will be played this aft-ernoon on the college campus, at 3:30.

High School will line up against the Har-gadine-McKittrick team this afternoon, and although the red and black team does not expect to win, the players expect to make a much better showing in this game than in the former one.

STAG CLUB'S OUTING.

Lively Wrestling and Sparring Bouts on the Excursion Boat. The St. Louis Stag Club gave its first excursion of the season last night on the steamer City of Providence, and the affair was the most successful event ever held by the club. Those who attended were entertained with a wrestling match and a couple of sparring exhibitions by the best

entertained with a wrestling match and a couple of sparring exhibitions by the best local taient.

The first event on the programme was the wrestling match between Frank Schmidt and billy Schritz. Schmidt won both bouts, and thereby the championship of the State at 135 pounds.

Schmidt won his first fall in 3½ minutes, and the second in 3 minutes. Dummy Schneck and Adam Kohl met in a six-round go, and the former got the decision.

The next bout was for six rounds, between Eddie Knox of Louisians, Mo., and Jack Keefe of East St. Louis. The latter got the decision.

Michaels Wins Twenty-Mile Race. Baltimore, Md., May 31.—A twenty-mile motor-paced race was won to-night by "Jimmy" Michaels from Watson Coleman and O. V. Bab-cock by three and three-quarters laps. Time, 33 minutes 15.1-5 seconds. Coleman and Babcock rode in five-mile relays, changing pace each five miles without slacking their own pace or that of their motors. Takes First Spin To-Day.

Boston, Mass. May II.—The yacht Indepenence will go out for her first sail to-morrow. T sails will be bent in the morning, so that by o'clock the Independence ought to have hoose headed toward Boston light. Next week, no defects in rigging or sails have been dev oped, the yacht will go out for daily spins.

"Jee" Gams Whips "Robby" Dobbs.
Baltimore, Md., May 31.—"Jee" Gams of Baltimore knecked out "Bobby" Dobbe of Minneapolis in the seventh round here to night of a bout scheduled for twenty rounds. The fight was all Gams's way, and a blow in the stomach brought it to an end.

## FOUND HIS SISTER IN A BOWERY DIVE.

Strange Result of a Sightseer's Appointment With a New York Girl.

REPUBLIC SPECIAL. New York, May 31-William King and Marjorie, his sister, were brought to this their native place, nine years ago. King was a youth of about 15, and Marjorie was a child of 13. They settled at Rondout in this State. Three years later the girl was lured to one of the infamous dens of the East Side, parsing, for the time, entirely out to this city "to see the sights." He wand-ered over to the East Side and, after drinking considerably, met a young woman on the Bowery. He invited her to drink. She did-many times. She said she was Marjerie McDermott. She was comely, and in gratiated herself with the young man. After buying food and drink for her, he made an appointment to meet her on Thursday

King kept the appointment, as did the woman, and then, in a spirit of confidence, the woman told King that her right name was not Marjorie McDermott, but Marjorie King, and that she was born in Devonshire, England. King hinself came from Devonshire, and, upon questioning the woman, he learned that she was his sister from whom he had sarted many years are

Wedded to the Howery.

King at once determined to take his sis-ter to his home in Rondout. He explained to her that he had never married, and that to her that he had never married, and that he would take good care of her, if she would become his housekeeper, but Marjorie refused. Life in the Bowery had too many charms for her she said. Then King upbraided her. He told her that he offered her a refuge from the life she was leading, but she promptly informed him that she preferred that life, and a fight followed. Detective Corbett, of the Madison Street Station, finding that he could not placate them, decided to take them to the station. A the station house Marjorie admitted that she was King's sister, but said that she did not propose to be dictated to by him, and preferred a cell to his company.

### "JINGO SPREAD-EAGLEISM."

French Newspaper's Opinion of Supreme Court's Decision.

Paris, May 31.—The French papers only today discuss the decision of the United
States Supreme Court in the insular cases.
The Temps says:
"If rumors are true, the Judges have not
succeeded in maintaining themselves pure
nor true to austere principles, but have
become accessible to the arguments and
sophisms of politicians.
"Their decision is an act of the highest
gravity and tantamount to a triumph for
the McKinley school of manifest destiny,
for the jingo spread-eagleism and the partisans of a permanent army. On the other
hand, citizens favoring progress and economic reforms, who are faithful to the
ideals of Washington, Jefferson and Lincoln, are filled with anxiety and sadness."

#### WOMEN ESCAPE BY JUMPING. Their Horse Backs With Buggy Over High Bank.

Miss Lizzie Hoeitzie of No. 4354 Compton avenue and Mrs. F. J. Dietz of No. 3117 Meramec street were driving east on Meramec street, in a storm buggy Thursday evening when the horse became frightened at a passing Transit Company car at the intersection of Grand avenue. The buggy was going backwards over an embankment thirty feet high, when Miss Hoeltzie and Mrs. Dietz leaped from the vehicle in time to escape injury.

The buggy and horse went over the embankment, The horse escaped injury, but the buggy was badly damaged.

### An Excellent Combination.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, STRUP OF Flos, manufactured by the CALIFORNIA Fig. STRUP Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and feveragently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Symp. Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company ted on the front of every package
